

THEY MET FOR BUSINESS.

Great Amount of Work Performed by the Council.

STANTON IS IMPATIENT.

He Wants the Charges Preferred by "One Melroy" Investigated.

The Council Wished of Danger of Annual Overflow. The Tax Collector Report—New Plans for Fire Houses—Other Proceedings.

The city council met in regular session last evening and transacted a large amount of business. President Lofthouse occupied the chair and all members were present.

J. J. Conner et al. petitioned for cross-walks on Second South and Second West streets. Referred.

Thomas Dangerfield asked permission to lay his own sidewalk at 1,033 East First South street. Referred.

J. A. Morley asked for snow arrangement on south of Fifth South street. Referred.

John C. Cutler asked permission to lay a private water pipe from his premises to midway between Eighth and Ninth South streets on West Temple street. Referred.

Charles Handley petitioned for the lease of certain lands owned by the city near the penitentiary, and to watch various streams and lands owned by the city. Referred.

William Dunn et al. asked that the grading of Sixth North street, between Fifth and Eighth West streets, be resumed. Referred.

Daniel Fowler petitioned for the release of certain land sold for taxes. Referred.

John R. Williams asked for free license to sell photographs at the Temple corner. Referred.

SHOULD GUARD AGAINST OVERFLOW.

George C. Cannon et al. called attention to the fact that the unusual fall of snow would overflow the canals, and the canals having become filled up, and asked that a force of men be put at work to clean out the obstructions. Referred.

A STREET RAILWAY WAITING ROOM.

The Jennings Brothers Investment company asked that the Salt Lake City Railway company be allowed to construct a waiting room on the corner of Main and First South streets. Referred.

W. E. Smedley et al. asked that a grade be established on Eleventh street and other streets lying between Ninth and Thirteenth streets. Referred.

W. Y. Turner asked for a free license to exhibit a mechanical model of a city which he has made. Referred.

E. J. Dimmock et al. asked that street between Brigham and Second street, be graded. Referred.

Charles W. Smith asked permission to construct her own sidewalk. Referred.

A MARKET HOUSE PROVIDED.

Jennings Bros. Investment company called attention to the fact that they were constructing a market house on the old Continental hotel corner, which would accommodate the city for years to come. Referred.

Manly Barrows' estate asked permission to construct its own sidewalk on Second South street. Referred.

The Louisville Ice and Cold Storage company asked for a transfer of their license. Referred.

James Johnson asked that his liquor and mercantile license be transferred to John Eager, who he has sold his business to. Referred.

Thomas E. Jerny et al. asked that Sixth West street, between North Temple and First South streets, be graded and put in passable condition. Referred.

Gay Willis et al. asked for an electric light on Jefferson street. Referred.

Meloy & Paul asked permission to construct their own sidewalk on West Second South street. Referred.

C. H. Crow made a similar request and the matter was referred.

UNCOLLECTED TAXES.

Fred J. Leonard submitted a statement of uncollected taxes for 1892. The totals were as follows: School tax, \$111.46; city tax, \$278.65; total, \$390.11. Referred.

The street supervisor sent in a communication stating that a new roller was needed, as the old one was too heavy for certain kinds of work. Referred.

The street supervisor called attention to the fact that a new city wagon was needed. Referred.

STANTON IS IMPATIENT.

The chief of the fire department sent in a communication, in which he vigorously protested against the action of the committee appointed to investigate the charges made against him by "One Melroy." He stated that he was anxious to have the matter settled at once and was ready to meet the charges at any time on one hour's notice. Referred.

The city engineer reported that the cost of the work petitioned for by Thomas Jennings, viz., the grading of First street from State to C streets, would be about \$600. Referred.

THE TAX COLLECTOR'S REPORT.

Fred J. Leonard submitted his report as collector for 1892 as follows:

To net assessment for 1892, \$51,804,264; at five mills, \$259,021.20.

Credits.

Cash to city treasurer, \$310,198.06; Tax sales, \$2,947.93; Relief to delinquents by council, \$1,528.00; Bond and a half per cent on \$50,000, 70; Allowed by the council, \$1,000.00; 1892 to Brigham Young Trust company, \$50.00; Total credits, \$316,644.99.

Debits.

Total debited to, \$257,983.11; Total to be accounted for, \$58,661.88.

Referred to committee on finance.

A communication was received from A. W. Baybould, in which he asked that the action taken upon the bill of P. O. Perkins for extra services at the last meeting be reconsidered and the bill allowed. Filed.

T. B. Beatty, health commissioner, submitted a bill for an ordinance regulating the construction of dry earth closets. It was read the first time and further consideration was postponed until the next meeting.

The city attorney recommended that the petition of Thomas Adams for relief from a tax be granted and that \$2.25 be placed on the appropriation list for the petitioners.

AN ALIEN COMPROMISE.

The city attorney submitted a communication received by him from Evans & Rogers and J. G. Sutherland, attorneys for P. H. Alred in the latter's suit against the city, in which the plaintiff agreed to compromise the suit for \$5,000, with costs added, which is about half the amount of the judgment. Referred to the mayor, president and city attorney.

The committee on improvements reported favorably upon the petition for an electric light at South Temple and Eighth West streets. Adopted.

The committee on improvement submitted a contract entered into with the Brigham Young Trust company for the lease of rooms being used for city offices. Referred back for amendment.

The same committee recommended that an electric light be placed on Franklin avenue. Adopted.

Also that an electric light be placed at the intersection of Fourth West and Fifth South streets. Adopted.

The committee on enrollment reported

that it had considered the matter of printing the reports of city officers, etc.; and made certain recommendations, among others, that the Salt Lake Telegraph company be awarded the work. The matter was referred back for an estimate of cost.

A SHOWELL FIASCO CLAIM.

The committee on claims recommended that Alf Ecklund be allowed \$55 in full payment for his \$80 claim for services in the Showell investigation.

A lively debate followed, in which Ecklund declared that the committee on claims was hiring a detective without any authority from the council, and Moran arose in his wrath and indignantly denied that the committee had employed any outside detective. Both gentlemen had been called down by the chair, and after some further remarks by other members the report of the committee was adopted.

The committee on license recommended that a free license be granted to Mary Fisher for an employment agency for a period of three months. Adopted.

The committee on fire department recommended that the chief fund be increased, as recommended by the chief some time ago, for the fire department, any money collected as fines be thrown into that channel. The report was adopted.

NEW FIRE HOUSE PLANS.

The same committee reported in the matter of the three new fire stations as follows:

After carefully considering the revised plans of Architect Krowl and obtaining Chief Stanton's view on the same, we are of the opinion that the revised plans will be adequate for all purposes, and we are assured that the buildings can be erected for the amount of \$11,000 allowed. We therefore recommend that the recorder be instructed to advertise for bids for the three fire stations, according to revised plans; also that the architect be required to give good and sufficient bond to insure the stations being built in accordance with the plans and specifications, and for \$11,000.

A vote upon the report resulted in a tie. Motion moved that the recorder be instructed to advertise for competitive plans and specifications for three fire houses to cost \$5,000 each. Lost.

Hans moved that the committee be authorized to bring in plans and specifications for the erection of a fire house in the Fourth precinct to be constructed of brick and stone. Carried.

Lawson moved that the recorder be authorized to advertise for plans for a fire house costing \$5,000 to be erected in the First district. Carried.

Hans moved that a similar action be taken as to the Second precinct. Carried.

APPROPRIATIONS.

Appropriations were made as follows:

J. H. Gerts, \$100.00; A. E. Ecklund, \$55.00; Dr. G. W. Foster, \$75.00; Frank Hagan, \$75.00; Thomas Adams, \$5.00; Total, \$305.00.

Adjourned until Friday evening.

Queens at Work.

Many of our queens and princesses, like Solomon's paragon, "sought wool and flax and worked willingly with their hands." Katharine of Aragon introduced fine stitching of black silk upon linen, called Spanish work; Queen Elizabeth made a sweater for her brother Edward's christening when she was only six years old; and Mary Queen of Scots, tried to propitiate her majesty of England with offerings of handkerchiefs and nightgowns wrought by her own delicate handwork.

Though the extravagance and luxuries of women's dress is a favorite theme just now, they have ceased to wear red velvet gloves with gauntlets of white satin worked in silks and gold thread and spangles, or even of perfumed leather enriched with seed-pearls and gold thread, as in the days of Henry VIII, and his daughter. The time samples are given by, but some of the old stitches have come into fashion again. We find "Russian cross-stitch," "chain-stitch," "tent-stitch," and various forms of application on German, English and Italian work of the thirteenth and fourteenth centuries.—The Spectator.

Slow Progress.

Mrs. Witherby—Does your husband play poker? Mrs. Plankington—Gracious, no. Why, it was only this morning he said he was satisfied he never would know how to play the game.—Clothes and Furnishers.

Couldn't Stand the Strain.

"I felt faint away at our private theatrical last night." "Oh, no. He was the prompter."—Vogue.

His Recommendation.

Pricilla—Tell me honestly, what qualification has your fiancé for a husband? Prunella—Experience. He has been married three times before.—Vogue.

SALT LAKE COUNTY.

A Complete Directory of the Officials of the County Government.

The county court meets at the court house on the first and third Mondays in each month at 10 a. m.

Chairman—Hon. Jacob B. Blair, probate judge; members, Herman Bamberger, Salt Lake City; Joseph B. Morley, Salt Lake City; John P. Cahoon, Murray; Probate Judge—Jacob B. Blair; H. V. Meloy, clerk.

Recorder—Joseph Langman, Assessor—William J. Lynch, Collector—F. J. Leonard, Deputy Collector—H. P. Lytle, Attorney—Walter C. Murphy, Auditor—William McQueen, Treasurer—W. P. Lynn, Surveyor—Edwin Haviland, Jr., Superintendent of Schools—David R. Allen.

Justices of the Peace—Salt Lake City, First Municipal ward, Durbin S. White; Second Municipal ward, Clarence W. Hall; Third Municipal ward, John L. Binkley; Fourth Municipal ward, George E. Blair; Fifth Municipal ward, W. W. Gee.

Big Cottonwood—B. H. Stevenson, Chairman—B. B. Quinn and G. F. Turner.

Bluffdale—W. W. Merrill, Butler—N. H. Smeaker, Draper—John W. Smith, East Mill Creek—Samuel Oliver, Farmers—Sam W. Terrell, Fort Herriman—Hober Crump, Granite—W. Thompson, Jr., Granger—Richard Wilkins, Hunter—William Ridd, Little Cottonwood—C. H. Collins, Mill Creek—W. Russell, Mountain Dale—B. Thompson, North Fork—Frank H. Buvi, North Jordan—J. B. Bringham, Pleasant Green—Edward Lambert, Riverdale—Charles E. Miller, South Cottonwood—Jacob T. Pion, Eliver—James T. Mink, Sandy—W. W. Wilson, South Jordan—James Argent, Sugar House—W. C. A. Smith, ex. Union—H. C. Montier.

West Jordan—Jesse Argent, Constable—James W. First Municipal ward, Alf Ecklund; Second Municipal ward, James W. Campbell; Third Municipal ward, Thomas J. Everly; Fourth Municipal ward, W. H. Bywater; Fifth Municipal ward, C. E. Brown.

Butter—M. L. Potter, Brighton—W. E. Delong, Binford—Louis Peterson, Bingham—Joe Bush, M. Shaughnessy, Draper—W. E. Annis, East Mill Creek—Joseph Bullough, Farmers—B. B. Thompson, Fort Herriman—Hober Crump, Granite—William J. Despain, Granger—W. R. Potter, Hunter—William Ridd, Little Cottonwood—John Dalton, Mill Creek—M. Rhyerson, Mountain Dale—Edward Laird, North Jordan—J. B. Bringham, North Jordan—J. B. Bringham, Pleasant Green—A. M. Brown, Riverdale—N. J. Christianson, South Cottonwood—Daniel B. Jones, Silver—J. H. P. Olson, Sandy—Charles D. Rodgers, South Jordan—G. S. Bickstead, Union—Van Valkenburg, West Jordan—D. B. Batzema.

OXFORD-CAMBRIDGE RACE.

It Will Take Place at Mortlake Today.

A FOUR MILE COURSE.

The Winner Will Compete Against Harvard or Yale.

Both Clubs Have Contended Against Each Other Six Different Times—Fast Crowds Will Attend and Line the Course.

LONDON, March 21.—When the winner of the Oxford-Cambridge race crosses the line at Mortlake tomorrow, it will be known which of the two is to compete against Harvard or Yale in the International race, which is to be rowed in June or July of this year on the other side of the Atlantic. The crews will appear in the following positions today:

Club	Position	Oxford
G. H. Branson	One	A. E. Ford
C. T. Fogg Elliott	Two	A. E. Ford
E. G. Neal	Three	A. E. Ford
H. H. Wainwright	Four	A. E. Ford
L. A. E. Ollivant	Five	V. Nichols
G. C. Kerr	Six	V. Nichols
E. O. Kerrison	Seven	V. Nichols
T. G. Lewis	Stroke	Pilkington
C. T. Aker	Cox	R. P. P. Howe

Of the Oxford crew, two, five, six and seven are all Old Blues. The others are supposed to be the pick of the Mortlake trials. They row long and finish out well.

The distance from Putney to Mortlake or from Mortlake to Putney has been the course for the varsity race since 1835, although some changes have been made at odd times. The course is about four miles. In 1850 the distance was lengthened about 1,200 yards, and in 1863 the

Lyrie Club Headquarters of April 1892

start was made at High Bridge, Mortlake. Some interesting dates in connection with this race are as follows: In 1845 the race was first rowed on out-riggers. In 1857 the present style of boat, with keels, was first used, and both colleges rowed with round oars for the first time. In 1873 the sliding seats were introduced. The Oxford-Cambridge races date back to 1829, when Oxford won in 14 minutes 30 seconds over the Henley course of two miles and a quarter.

Oxford's victories number twenty-six and were made in 1829, 1842, 1849, 1852, 1854, 1857, 1859, 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867, 1868, 1869, 1870, 1871, 1872, 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892.

Cambridge's victories number twenty-three. In 1877 a dead heat resulted from Oxford's bow damaging his oar and coming into the line into the wrong channel. Oxford's victories have almost always been decided ones. Last year's work beat all time records. But on two occasions Oxford won by ten lengths, on two other occasions by seven lengths, and on few occasions did Cambridge exceed six lengths. That record was made during the time of the "all invincibles" in 1883.
